---

My name is Misko Stanistic, I am a composer and pianist from Stockholm, Sweden.  
I am interested to perform at your venue / festival.

### Music

My music is melodic and emotional improvisational contemporary piano music. During 2007 I recorded two albums: MAKADAM (Bologna/Italy, February 2007), and XISTERIA (Stockholm/Sweden, November 2007).

As it is hard to use words to describe music, I would like to suggest listening to excerpts of my music on my website, <http://www.miskostanistic.com/enquiry.html>

### My Goal

My goal is to reach a European audience and perform live as much as possible, because my music is improvisational, and is at its best during moments of inspiration on stage, in that magic space between the audience and the piano.

### Act

My act would consist of one, two or three solo piano pieces, 30, 45 or 60 minutes in duration, depending on the agreement. Necessary stage line-up: a grand piano.

### Concert Review

*No one is indifferent*

“ *Misko Stanistic sits at the grand piano on a stage in club Contrast. His musical suite is called Makadam. The road his fingers paint on the piano's keyboard is sometimes wide, leading us through summer meadows, and sometimes narrow, taking us to the shores where harsh winds lash at us, causing pain. It is an emotional journey, and no one is indifferent.* ”

by Mikael Barani for Eskilstuna-Kuriren, (World Music Festival in Eskilstuna)
